15th Annual

Wabash County Cancer Society

Tree of Caring

February 2025

February is National Cancer month and the Wabash County Cancer Society is again sponsoring the Tree of Caring.

Celebrate your loved one by donating to the Wabash County Cancer Society, where 100% of your donation is used to help Wabash County residents with their battle with cancer. Please send your donation with the completed form below.

In February, the Tree of Caring will be located at the Wabash County YMCA. The tree will then travel and be displayed at new locations in the county each month for the rest of the year. The tree will be decorated with a **Name Tag** for those you choose to **Remember or Honor** in their battle with cancer.

Thank You for your support!

Donation Form
