Cancer can do a lot of things. It can deplete your body...remove your hair...erase your energy...and strip your confidence. But there are many things that cancer cannot do.

What Cancer Cannot Do

It cannot cripple Love

It cannot shatter Hope

It cannot corrode Faith

It cannot destroy Peace

It cannot kill Friendships

It cannot suppress Memories

It cannot silence Courage

It cannot invade the Soul

It cannot steal Eternal Life

It cannot conquer the Spirit.

Hope Matters

WABASH COUNTY CANCER SOCIETY

EST. 1959

We are here to support you on your journey.

The Wabash County Cancer Society

"You Have Cancer." Three words that no one wants to hear; but three of the most powerful words together in the English language. They are life altering, mind blowing, and sometimes earth shattering words. The moment you hear these 3 words spoken to you; you may feel your world will never be the same. You may feel alone, scared, or lost. That's why we're here. We are here to help you navigate through this maze called "Cancer". We are here to make sure you don't feel alone in this struggle. We are here to give you HOPE.

Who We Are

Our society is a volunteer organization that is dedicated to helping Wabash County patients who have been diagnosed with cancer. When you are diagnosed simply request an application via mail, phone, or by printing one from our website. You must fill it out and have your physician sign it with your diagnosis. And then simply return it by mail or have your physicians office scan and email it to us for approval. All that matters beyond that is that you are resident of Wabash County and are receiving treatment from a facility in Indiana.

How do we help?

Once we receive your application and approve it you are eligible for our help. We are able to offer up to $2,000 per patient in a 12 month period.
Besides offering emotional support, there are two main areas of assistance we offer to Wabash County residents:

Medication Reimbursement

We will reimburse any cancer related prescriptions purchased from a pharmacy at your expense. You must send copies of your receipts to us first before receiving reimbursement(No more than $2000 in total between this and our mileage reimbursement will be paid.)

Mileage Reimbursement

You will either be sent a mileage sheet after being approved or you may download one from our website. You must record your mileage to and from your cancer related appointments. Staff from your provider must sign sheet and then you return it to us and reimbursement will be sent based on our current per mile schedule.

Our funding comes from various sources including United Fund of Wabash County, grants, memorials, donations, and endowments. We **are not** affiliated with the **American Cancer Society** and receive no funding or support from them.

SOME NEW THINGS WE ARE WORKING ON:

We are currently piloting a new program where if your physician is willing to sign, then scan and email your application and/or mileage sheets to our email. It allows for quicker approval and assistance if they are willing to do so. We are also partnering with Parkview Hospital's Community Cancer Coalition to find more successful ways to bring services to you.

THE OPPOSITE SIDE OF THIS SHEET MAY ALSO BE FILLED OUT AND MAILED TO REQUEST AN APPLICATION TO BE MAILED TO YOU. YOU MAY ALSO USE IT TO MAKE A DONATION, OR INQUIRE ABOUT OTHER INFORMATION AND RESOURCES WE MAY BE ABLE TO SHARE WITH YOU FOR FURTHER ASSISTANCE.
